- **BCA:** Mirza Ghalib College Gaya, Magadh University, (2020 - 2023), 77.5%

Work Experience

- **Fullstack Java Springboot Developer At PlusYourSofttech pvt**

Joined as a Java Developer intern on July 1, 2023, and transitioned to a full-time role in December 2023. My responsibilities included developing and maintaining Java-based applications, managing databases, and contributing to various projects such as content management tools and digital signature solutions. I worked on integrating third-party platforms like Alfresco, OneSpan, and DocuSign into our projects, ensuring seamless interaction between systems. My role also involved working on complex integrations to connect different projects and streamline workflows. I actively collaborated with cross-functional teams to deliver high-quality software solutions and improve system performance across various initiatives.

Skills

Language

C Programming, C++ Programming, Java, Javascript

Framework

Spring-Boot, Spring, React, Boot-Strap, Docker, Verdal, Git, CSS, Kafka, etc...
